*New Home Planned for
C. P. Dose on 31st Ave.*

New residence to be erected on Northwest corner of Thirty-first Avenue South and Walker Street, Mount Baker Park, for C. P. Dose. The plans are being prepared by C. C. Dose & Co., architects. The building will contain eight rooms and a reception hall also basement with store room. The interior finish is to consist of beamed ceilings, hardwood floors and dado paneling. The building will be heated by furnace and will cost when complete \$5,000.

MT. BAKER PARK CLUB WANTS MORE CARS

Fight on Location of Undesirable Women in Residence or Semi-Business Locations Near Armour Building.

The Mount Baker Park Improvement Club, Wednesday evening, in addition to the regular business transacted, adopted a resolution endorsing the movement in favor of anti-racetrack legislation and urging that the evil be abolished before the opening of the Alaska-Yukon-Pacific Exposition.

A motion picture was made and carried that the organization join with the other improvement clubs of the city in the endeavor to force the Seattle Electric Company to give a proper and sufficient car service to prevent overcrowding upon all of the lines in the city. The secretary was instructed to call the attention of the health department to the lack of sanitation in the car records as again.

MEMBER OR NOT—You are invited to attend and help revive Mt. Baker Spirit.

MOUNT BAKER CLUB TO DISCUSS JITNEY BUSES

Question of Street Car Transportation
In Connection With This Subject
Also on Taps.

The question of jitney regulation and street car transportation will be a special order of business before the monthly meeting of the Mount Baker Park Improvement Club this evening. Superintendent of Public Utilities A. L. Valentine will tell of the situation from the point of view of his department. The Puget Sound Traction, Light & Power Company and the Jitney men's association will have representatives at the meeting. Members of other south end improvement clubs will also be present.

The meeting will be held in the Mount Baker Park clubhouse, beginning at 8 o'clock.

Harry D. Austin Club Speaker

State Representative Harry Austin of the 33rd district will revive 1935 Legislature activities in a talk tonight at 8 o'clock at the Mount Baker Improvement Club meeting. The club meets at 2811 Mount Rainier Drive.

THOUSANDS ATTEND FINE ROSE DISPLAY

Beautiful Exhibits Attract Great
Throngs to Mount Baker
Park Improvement Club's
Annual Floral Event.

TWO HUNDRED PRIZES AWARDED BY JUDGES

J. P. Todd Carries Off Sweep-
stakes Prize For Finest
Flower, and Nurserymen Also
Share Honors.

Probably the most magnificent ex-
hibits in the history of Seattle rose
shows were displayed yesterday at the
Park Improvement Club in a large
tent pavilion in the center of the
beautiful park. Before the show closes
its doors tonight, it is expected that
more than 50,000 persons will have
visited it.

Two hundred prizes were awarded
yesterday. J. P. Todd won the highest
honor, his Melani Souper rose taking
the sweepstakes for the finest single
rose. The various awards were made
yesterday morning before the doors
were opened to visitors.

There was no admission charge, all
entrances were shouldered by the
Park Improvement Club.

ROSE SHOW PROMOTES GARDENING ACTIVITY

Exhibition to Be Held in June
by Mount Baker Improve-
ment Club Results in Beauti-
fying of Homes.

HANDSOME PRIZES FOR GROWERS OF FLOWERS

Committee in Charge Has
Raised \$1,000, and Lively
Competition Already Is As-
sured in All Classes.

Announcement of the holding of the
rose show next month by the Mount
Baker Improvement Club has cre-
ated a revolution in that district and
among the residents of late have
been improving their gardens.
The club has developed much friend-
ship all the way to Holland to
secure unique rose bushes.

The Park Commission also is
interested in the show and
will take the finest display of
roses seen in the city. The
club has raised \$1,000 for prizes, and
the chairman of the club
will be in charge of the
show.

Inside Seattle

Help comes quickly after arson

Residents, businesses
pitch in to help clean up
Mount Baker clubhouse

Constantine Angelos
Times staff reporter

Jeff Sauterre doesn't live in the Mount Baker neighborhood anymore but when he heard about the \$600,000 fire in the 78-year-old Mount Baker Community Clubhouse he came running. "I almost cried," said Sauterre, now a Seward Park resident who was the club's vice president in charge of the building in the mid-1980s.

A builder, Sauterre canceled his appointments yesterday, rounded up four of his workers and went to the scene of the arson to help other volunteers with the cleanup.

"It's just been a phenomenal community turnout," said Thomas Callahan, who was serving as building vice president. A half-dozen calls for help turned out residents, business people and club officers, Callahan said.

One of the first to help was the restaurant around the corner that immediately volunteered three of its drivers to haul out smoking carpets and help remove debris from the building at 2611 S. Mount Rainier Drive.

Seattle fire investigators say the fire late Monday night was started by someone using combustible material under a porch on the north side of the building. Flames crawled up the outside of the wooden structure, heavily damaging the attic and roof.

Club officials are at a loss as to why someone would torch the landmark. Callahan said, "Callahan, a Boeing Co. customer-service engineer, said the historic building — two stories and a basement — was insured but officials face big decisions concerning safeguarding the premises, seeking repair bids and where to hold the next community-club meeting."

For nearly eight decades, the building has reflected the social, demographic and lifestyle changes in a now culturally diverse community that stretches from Culman Park on the north to South Genesee Street on the south and from Rainier Avenue South to Lake Washington.

Said Mayor Norm Rice, who was a club president in the late 1970s: "To see the damage hurts you," but he is convinced the setback will only strengthen the community.

"It's a focal point of memories," Rice said. Joe McKinstry, another former club president, agreed.

"There are people in this community who were married there or had their receptions there or had their last birthdays there or had dances there when they were 18," McKinstry said.

Club historian Sally Carver said the building, designed by architect Charles Haynes, was built in 1914.

It was erroneously reported in The Times yesterday that the clubhouse is on the National Register of Historic Places. That's a common misconception, Callahan said. However, it is listed in the Washington State Inventory of Cultural Resources.

One of those most shocked by the fire was Betty Pine, a health administrator who heads the club's community development. She recently helped obtain a neighborhood matching grant to make the building accessible to the handicapped.

Pine said the clubhouse — a center of community activities ranging from Christmas parties to children's art classes and the annual Mount Baker home tour — was one of the reasons she moved into the neighborhood.

"I want to save it," Pine said. So do a lot of other Mount Bakerites.

Dean Johnson helps clean up the arson aftermath at the Mount Baker Community Club. Johnson and two other workers were brought in to help cleanup by Jeff Sauterre, who used to live in the neighborhood and heard about the fire.

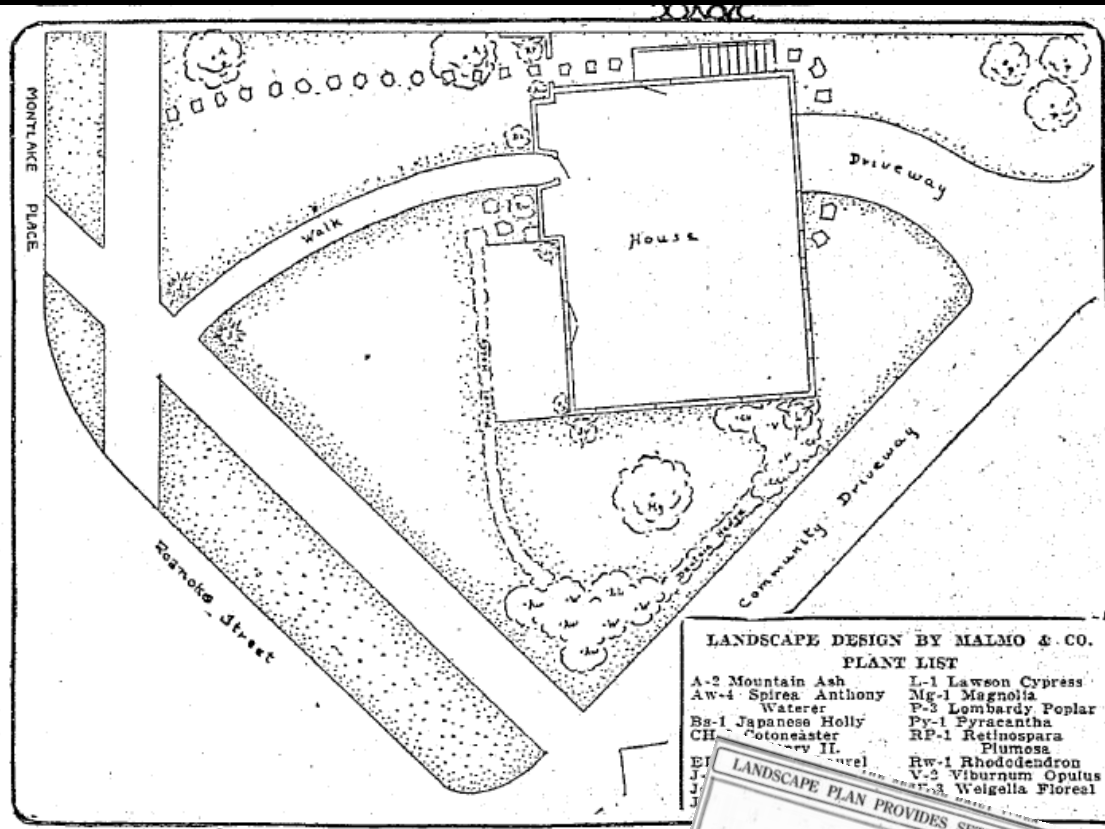

1926 Model Brick Home

Beauty, Practicability and Permanence

Constructed as an educational demonstration, the 1926 Model B Street, Montlake, has been completed, completely furnished and was ready to move in at 2 o'clock. The dwelling is of solid brick construction and embodies the landscape design and planting guide prepared by Malmo & Co.

HOME DESIGNED TO SHOW ADVANTAGES OF BRICK

Model Brick Home Delights Women

Open to the Public Daily, 2 to 9:30 P. M.

That the 1926 Model Brick Home is all that its builders hoped it would be has been proven by the delighted comments of thousands of women who have visited it between the hours of 2 and 9:30 p. m. daily since the opening last Sunday.

The general approval and appreciation expressed leave no doubt that Architect W. J. Bain and the Seattle brick manufacturers have designed and constructed a house which meets in beauty, convenience and comfort the requirements of a high standard for the moderate sized home.

The Model Brick Home will be open for inspection today and every day this week between the hours of 2 and 9:30 p. m. with Seattle club women acting as hostesses and every opportunity given to enjoy the beauty of the home and of the furnishings installed by the Standard Furniture Company.

MODEL BRICK HOME FOR SALE

The Model Brick Home is for sale at a price representing the cost to an individual of financing and building it. Prospective purchasers are invited to visit it and note its advantages.

It is more beautiful and substantial in appearance than one of less durable material.

It is an elegant home for the brick walls will last for centuries and will protect the life of the interior by protecting it from weather conditions.

It is an economical home for the brick walls need no painting or repairs and the clay shingle roof, with copper metal work, will protect you from expensive roof leaks. It will save on heating and insurance costs.

It is a comfortable home for the solid brick walls will keep out the cold and dampness of winter and the heat of summer.

It is a safe home for the brick walls and clay shingles will protect it from fire from the outside and arrest progress of fire on the inside. Insurance rates are 40 per cent less.

For all these reasons, it is a more valuable home than one of less durable material. It depreciates very little with age and is readily resold at its full value.

The Model Brick Home is located at 2000 Montlake Place, corner of Montlake Street on the Montlake street car line, just three blocks south of the Montlake Bridge.

Take the Montlake street car, No. 10, or the route to the Montlake Bridge, if you go in your own car.

Thousands Visit Store's 2 New Floors

Seattle's approval of the newly opened fifth and sixth floors of the downtown Bon Marche was reflected clearly yesterday on the faces of thousands who dropped in to see the expanded store.

From the opening of the store at noon until its closing last night, visitors filled the elevators and escalators carrying them to new vistas of new merchandise.

Store officials estimated there were more than 100,000 visitors between noon and 9 o'clock last night.
